North Canberra Burley Griffin Senior Guides

Dear Parent / Carer,

2018 Fees

North Canberra Girl Guides is run by volunteers and we endeavour to keep fees and charges to an absolute minimum. Nevertheless, there are expenses that must be paid and as such families are asked to contribute to expenses through the payment of annual fees.

The Support Group fee is paid to the Support Group. These fees are used to pay for ongoing training and development of the leaders, rent, utilities and maintenance at the hall, and levies for Guide resources. This fee is charged annually. Prorata fees are charged for girls who join Guides part way through the year. These fees are separate from fees paid to head office to register Guides for the year and from unit subs, which are paid directly to the Guide leaders.

The amount due to the local North Canberra Support Group for one Guide is \$150 which is broken down as follows:

- \$11 per Guide ACT region levy,
- \$15 per Guide towards Innabaanya Campsite
- \$124 per FAMILY to North Canberra Support Group

If you

have more than one Guide attending North Canberra Guides, as you are only required to pay the family fee once, you need only pay the individual Guide fee for your additional Guides. Therefore the amount for two Guides is \$176, for three Guides \$202 and for four Guides \$228.

Payments can be made by the following methods:

- cheque made payable to Girl Guides Association, posted to the Treasurer, North Canberra Support Group, PO Box 4036 Ainslie ACT 2602 or given to your guide leader, or
- electronic transfer; BSB: 062 904 Account Number: 00905557

For all methods of payment please clearly identify the names of the guide/s it relates to, particularly if you are paying electronically.

If you are experiencing financial difficulties and require a payment plan for fees, please contact your daughters Guide leader or myself to make arrangements.

Thank you for your support of the North Canberra Girl Guide Association and their leaders.

Jackie Bysouth
Treasurer
North Canberra Support Group
